International application No.

PCT/US03/11338

Box III TEXT OF THE ABSTRACT (Continuation of Item 5 of the first shee	et)	ieet'
--	-----	-------

The technical features mentioned in the abstract do not include a reference sign between parentheses (PCT Rule 8.1(d)).

#### **NEW ABSTRACT**

A feedback device for measuring balance related information, and for producing a stimulation of the skin that encodes that information in a way that is useful to the wearer of the device. At least one sensor (10) detects balance information and transmits at least one balance information signal to a signal processing subsystem (12).
